Girls Go Circular

WOMEN AND GIRLS IN STEM FORUM

& Student
Video Contest

In collaboration with the European Commission, Directorate-General for Education, Youth, Sport and Culture (DG EAC), Girls Go Circular is organising the first [Women and Girls in STEM Forum](#). The event will take place on 28 October 2021, from 9.30-12.30 CET, gathering researchers, practitioners and influential stakeholders in STEM and gender equality and connecting them with the students who participate in Girls Go Circular's innovative learning programme.

The schools which participate in the Girls Go Circular project are warmly invited to the event, where students will meet with mentors from their country. These will be inspirational women in STEM and ICT who will discuss their personal and professional experience with the students, answering their questions and inspiring them to consider their future in STEM.

Additionally, we offer the opportunity to students to participate in a video contest. Working in **teams of 3-6**, students shall produce a **short video (1-3 minutes)** on one of the three themes below.

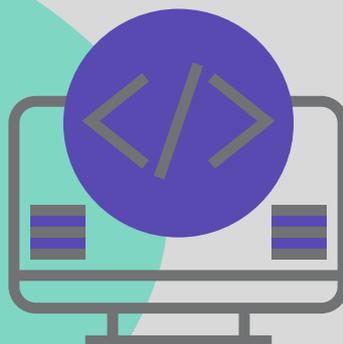

“
I/We thought
STEM and ICT
was not for
women, but
then...
”

“
What are the
gender
stereotypes
around STEM
and ICT and
how can we
change them?
”

“
The future of
Europe, where
men and women
will equally
contribute to
STEM and ICT,
will be/look like...
”

The three best videos will be shown during the event plenary. Students will have the opportunity to present their ideas and interact with high-level representatives from the EU, academia, and the private sector. The winning team will participate in an innovative and fun Python coding masterclass.

The videos must be in **English** or have English subtitles and should be submitted no later than **15 October 2021!** All the instructions to submit the videos can be found [here](#).

Teachers have a central role in the Women and Girls in STEM Forum!

1. Talk to your students about the event and organise for your class to join the event from **9.30-12.30 CET on 28 October**. Simultaneous translation to your language will be provided.

2. Register and ask your students to register from **[this link](#)**. When registering, please scroll through the free tickets and click on the one for your country.

3. Inform students of the video competition, discuss the rules for participation, and encourage them to form teams and send their videos by **15 October**.

If you have any questions, please do not hesitate to contact us at: **girlsgocircular@eitrawmaterials.eu**.

Many thanks, and see you at the Women and Girls in STEM Forum!
